## Coldbrook & District LIONS CLUB

Coldbrook & District Lions Club**

# King Lion Kirk's Korner

Lions:

Well another busy month has just zoomed past. I want to extend a huge **thank you** to all Lions that participated in our activities. I for one have enjoyed working on several food related projects and I'm beginning to feel

like I have permanent dish-pan hands!!! Great job to Lion Gerald and his crew for catering several meals this past month.

Over the next month, several projects will shift into high gear – outdoor rink, Christmas trees, Mommy and Daddies, and Hampers to name a few. These, along with Casinos, will keep us hopping. I encourage all Lions to make sure you keep updated on the many projects that are on the go, and offer to help out where you can. We need your support and participation to make these a success.

Yours in Lionism

King Lion Kirk

## JOKES

A big-shot businessman had to spend a few days in the hospital. He was a royal pain to the nurses because he bossed them around just like he did with his employees. None of the hospital staff wanted anything to do with him. The head nurse was the only one who could stand up to him. She came into his room and announced, "I have to take your temperature." After complaining for several minutes, he finally settled down, crossed his arms and opened his mouth.

"No, I'm sorry," the nurse stated, "But for this reading, I cannot use an oral thermometer."

This started another round of complaining, but eventually he rolled over and bared his rear end. After feeling the nurse insert the thermometer, he heard her announce, "I have to get something. Now you stay JUST LIKE THAT until I get back!"

She leaves the door to his room open on her way out. He curses under his breath as he hears people walking past his door laughing. After almost an hour, the man's doctor comes into the room. "What's going on here?" asked the doctor.

Angrily, the man answers, "What's the matter, Doc? Haven't you ever seen someone having their temperature taken?"

After a pause, the doctor confesses, "Well, no. I guess I haven't... Not with a carnation anyway."

"So you're sure it's number four who clawed through your door, demolished the living room, and, after soiling the carpet, stole away with your French poodle?"

## **JUST FOR FUN**

"I must be getting old. I'm starting to talk to myself."

"We all do, Ralph."

"Well, I find it annoying."

"Why is it annoying?"

"Because I'm also losing my hearing and I have to repeat everything!"

A plane was taking off from Kennedy Airport . After it reached a comfortable cruising altitude, the captain made an announcement over the intercom, "Ladies and gentlemen, this is your captain speaking. Welcome to Flight Number 293, nonstop from New York to Los Angeles . The weather ahead is good and, therefore, we should have a smooth and uneventful flight. Now sit back and relax... OH, MY GOD!"

Silence followed, and after a few minutes, the captain came back on the intercom and said, "Ladies and Gentlemen,

I am so sorry if I scared you earlier. While I was talking to you, the flight attendant accidentally spilled a cup of hot coffee in my lap. You should see the front of my pants!"

A passenger in Coach yelled, "That's nothing. You should see the back of mine!"

A film crew was on location in the desert. One day an old Native American Chief went up to the director and said, "Tomorrow rain." The next day it rained.

A week later, the chief went up to the director and said, "Tomorrow storm." The next day there was a hailstorm.

"This guy is incredible!" said the director. He told his secretary to hire him to predict the weather. However, after several successful predictions, the old chief didn't show up for two weeks. Finally the director sent for him. "I have to shoot a big scene tomorrow," said the director, "and I'm depending on you. What will the weather be like?" The chief shrugged. "Don't know. Radio broke."
