Happy New Lions:

Well 2009 is now history and I must start by saying a huge thank you to each member for all of efforts and support. The club has continued to grow and explore new things.

I am very excited about 2010 the potential of our new Radio Bingo, the addition of several new members and our wonderful line up of existing projects that will all keep us hopping.

I especially want to acknowledge both Lion Danny Allen and Lion Randy Strong for the exceptional efforts they showed in chairing their first major club projects...I feel they were both huge successes. Thanks to Lion Garnet for his support of these chairmen. The club looks forward to seeing great things from these lions in 2010.

Lions I always look at the New Year a wonderful chance to start fresh with renewed hope and optimism for myself, and my family. The same holds true for our club, I hope each lion is able to experience the excitement this renewal brings and look forward to serving and working with you all in 2010.

DISTRICT GOVERNOR'S NEWSLETTER

January 2010

2009-10 Theme: "Flying High With Lionism"

Dear Fellow Lions:

I take this opportunity to wish all Lion volunteers and their families of District N2 a **"HAPPY NEW YEAR"**. 2009 was a good year with a lot of great things done in Lionism and I would like to thank everyone for your support.

Fellow Lions, during 2009 you have seen many changes and yet, District N2 remained strong and focused on our motto **"WE SERVE"**. I am proud to be among such great Lions volunteering in Lionism.

The reason our President, Eberhard J. Wirfs, used the GINKGO tree leaf for his theme **"MOVE TO GROW"**, is because it is united in two parts – for millions of years living, stronger than mankind and it **SURVIVED FIRES AND FEARS**.

One of the most basic facts of nature is it is *dynamic*. The visual world continually undergoes change – both from dynamic events in the world itself, such as the movement of trees in the wind, and from the visual changes generated from our own activities, such as locomotion. In other words, everything needs momentum or movement in order to progress or grow. **MOVE TO GROW**. It's a very basic concept which can be applied to most everything. Nothing that remains static grows.

So why the GINKGO tree? The ginkgo is a symbol of hope and love, and a monument of peace and environmental protection and even considered a vision aid. The ginkgo has in fact been declared the "Millennium" tree. When taking into consideration its other characteristics of esteemed heritage, longevity, adaptability, utility, sustainability, and global abundance, it's easy to see a correlation between the ginkgo tree and Lions Club International.

Lionism in District N2 is known for its own characteristics of esteemed heritage, longevity, adaptability, utility, and sustainability. In other words, our own symbol is basic, the same as our LCI President. Therefore, during 2010, our mission should be to use the Lions Code of Ethics – *"To remember to be careful with my criticism and liberal with my praise, to build up and not destroy."*

Lions, we need to begin this New Year with positive ideas and suggestions. Let us lead Lionism to a new level in District N2.

Yours in Lionism

Lion Mark Durnford
District Governor, District N2

BREAKFAST WITH SANTA

Each year this event is looked upon by our community and Lions as a time for food, fellowship and fun. This year was a stellar example with our largest gathering to date. Over \$1,600.00 in freewill offering was collected and a large turn-out of Lions to work the kitchen was greatly appreciated. Great job guys!

PUBLIC RELATIONS REPORT

(OUR LARGEST COMMITTEE – 36 MEMBERS STRONG)

2009 REFLECTION

The year of 2009 has been a busy one within our club, with major projects, as well as many that we consider small. Combined, these projects have generated sufficient funds to allow us to do major Hall repairs and improvements and meet our commitments set out in our budget, as well as, provide new services and activities for those we serve.

Health & Welfare, Boys & Girls, Outdoor Rink, Youth Group Sponsorships i.e. Leos, Sparks, Guides etc., are some of the forgotten projects, by those not involved, yet they provide us with visibility and public awareness.

All members should be proud of this past year and I look forward to 2010 with a positive attitude to grow in numbers and stature within our community.

Thank you to all members for your hard work and dedication.

Respectfully submitted

Reg House - Chair

One day after a man had his annual physical, the doctor came out and said, "You had a great check-up. Is there anything that you'd like to talk about or ask me?"

"Well," he said, "I was thinking about getting a vasectomy."

"That's a big decision! Have you talked it over with your family?"

"Yeah, we took a vote... and they're in favor of it 15 to 2."

A tour bus driver is driving with a bus full of seniors down a highway when he is tapped on his shoulder by a little old lady. She offers him a handful of peanuts, which he gratefully munches up.

After about 15 minutes, she taps him on his shoulder again and she hands him another handful of peanuts. She repeats this gesture about five more times. When she is about to hand him another batch again, he asks the little old lady why they don't eat the peanuts themselves.

"We can't chew them because we've no teeth," she replied.

The puzzled driver asks, "Why do you buy them then?"

The old lady replied, "WE just love the chocolate around them."

It pays to be careful around old people...

Two women were shopping. When they started to discuss their home lives, one said, "Seems like all we do is fight anymore. I've been so upset that I've lost 20 pounds."

"Why don't you just leave him?" asked the friend.

"Oh! Not yet," the first replied. "I'd like to lose at least another fifteen pounds first."

Some men in a pickup truck drove into a lumberyard. One of the men walked in the office and said, "We need some four-by-twos."

The clerk asked, "You mean two-by-fours, don't you?"

The man said, "I'll go check," and went back to the truck. He returned and said, "Yeah, I meant two-by-four."

"All right. How long do you need them?"

The customer paused for a minute and said, "I'd better go check."

After a while, the customer returned to the office and said, "A long time. We're gonna build a house."
